OUR COMMITMENTS

**HEALTH**
We create opportunities for everyone to experience the physical and mental health benefits nature provides, from close-to-home parks to awe inspiring outdoor experiences.

**EQUITY**
Everyone needs access to the benefits of nature. Working hand in hand with communities, we are closing the park equity gap by creating parks and protecting land where it’s needed most.

**CLIMATE**
The parks we create and the lands we protect safeguard people from extreme heat, poor air and water quality, flooding, and sea level rise, making communities more resilient and prepared for change.

**COMMUNITY**
We work alongside community members and leaders to create, protect and advance the outdoor places and spaces that are essential to everyone’s well-being.
About The 10-Minute Walk® Program

Trust for Public Land envisions a future where every community has safe, equitable access to a high-quality park within a 10-minute walk of home.

• In collaboration with cities and partners, we address pressing questions and challenges to park equity
• Launched in 10-Minute Walk Program launched in 2017 with partners National Recreation and Park Association and ULI, 10MW has been working to expand assistance, reach and focus
• The 10-Minute Walk Program is an award-winning national effort to improve safe, easy access to parks and green spaces
The 10-Minute Walk® Mission: Closing the Park Equity Gap

1 in 3 U.S. residents do not have a park or green space within a 10-minute walk of home.

We call on mayors to accelerate the creation of parks that drive equitable, healthy and thriving communities.
How We Work

The 10-Minute Walk Program helps cities expand access to quality parks and green spaces for everyone. We focus on:

• **Peer Learning & Networking**
  • Our 10-Minute Walk Community of Practice provides a platform for cities to connect, workshop ideas, and learn from each other

• **Tailored Support**
  • Our Park Equity Accelerator brings resources and support to cities to test and share promising policies and practices that advance park equity

• **Policy Recommendations**
  • The 10-Minute Walk Policy Platform will provide cities with high-impact policy recommendations to scale support and accelerate actions to close the park equity gap

• **City Leadership Engagement & Partnerships**
  • Our Mayor Panels and engagement work to make the case and amplify work to expanding park equity
  • Our partnerships amplify and accelerate actions to ensure residents in all U.S. cities have access to a close-to-home park
Impacts

• Over 300 cities have made the 10-Minute Walk Commitment

• 50 cities are participating in the first round of the Community of Practice

• 6 cities are participating in the inaugural Park Equity Accelerator initiative

• 52 of the 100 most populous cities have improved 10-minute walk park access in the past year

• 16 of the 100 most populous cities have adopted policies that increase 10-minute walk access for all residents
Park Equity Communities of Practice

Cohort 1
• 146 city practitioners from 52 cities
• Session topics:
  • Park Equity: Approaches and Measures
  • Incorporating Equity into Project Prioritization
  • Centering Community in Parks Decision-Making
  • Increasing “Access” through a Holistic Lens
  • The Power of Partnerships for Stronger Parks and Systems Changes
  • Healthy and Resilient Communities: Long-Term Park Impacts

Cohort 2
• 159 registrations from 62 cities
• Deep dive tracks
  • Community Engagement for Lasting Impact- Exchange best practices and opportunities for conducting meaningful, equitable community engagement and gain tools to apply in your community.
  • Park Qualities Incubator: Mapping Park Experiences- Discuss and co-develop new approaches to measuring park experience types as a next step towards building park quality attributes for use in equity and impact analyses.
  • Developer Park Partnership Strategies- Tackle hard questions related to the growing trend of parks being built by private developers.
Today's Key Takeaways

Community Engagement for Equitable Decision Making

• Community engagement in the parks process can amplify community outcomes such as greater trust, civic participation, and social resiliency.

• Community engagement is most effective when it happens across all park stages.

• Parks practitioners want to deepen their approach to community engagement as a means of delivering on commitments to equity.
Community Strategies Team and Program

- Pilot engagement strategies in the field
- Train municipal staff and public land operators
- Support grassroots leaders with effective tools
- Strengthen the social capital evidence base
- Embed best practices into industry standards
- Advocate for policies that scale impact

Community Outcomes
Public Space Strategies

- Build out networks
- Support caucusing & advocacy
- Ensure local stewardship

- Ensure representative leadership
- Host creative planning events
- Culturally relevant engagement

- Hire local experts & organizers
- Support existing cultural events
- Conduct holistic asset mapping

Community Outcomes

POWER
- Civic participation
- Collective efficacy
- Social capital

IDENTITY
- Place attachment
- Social bridging

RELATIONSHIPS
- Trust between people
- Social ties
27 cities compensated community members directly
  • ~$45,000 annually
  • ~50% were public agencies, ~50% CBOs

66 cities reported creative partnerships:
  • Health
  • Economic development
  • Food security

Most common 'innovative' tactics
  • Cities: technology shifts during COVID, sustaining community advisory councils
  • CBOs: community art, partnerships
  • Both: place-based programming
Informing TPL’s community engagement initiatives with practitioner insight & expertise

- Pilot engagement strategies in the field
- Train municipal staff and public land operators
- Support grassroots leaders with effective tools
- Strengthen the social capital evidence base
- Embed best practices into industry standards
- Advocate for policies that scale impact
Arch for Community Engagement CoP Track

- **What does engagement look like?**
- **Engaging to build strong relationships between communities**
- **Building community capacity**

- **Nov. 10**
  - Initial outreach to under-represented communities
- **Dec. 8**
  - Engaging to build strong relationships between communities
- **Feb. 9**
  - Engaging with diverse community identities
- **Apr. 13**
  - Building community capacity
- **June 8**
  - Closing session
- **July 13**

“It feels like the community that formed around the park renovation lifted me from the bottom of a well. In the past, I didn’t go anywhere—I really felt like I was in a well. When I started going to the park, I communicated with more people. I’d tell new park visitors about what we were doing. I learned how to make piñatas at the park and I got so good at it that then I started teaching the piñata making class! I have also sold some of my piñatas and papel picado.”
